Agnes Digital is literally the perfect gooning buddy.

Imagine you just got done reading a really good doujin (one that was about one of your own trainees, by the way. You degenerate fuck), and you decide to shoot Digi a text. You send her the link and say "yo you gotta read this, it's got all the tags you like". She replies: "oh yea I read that last weekend hehe, wanna come over to

The next 4 hours consist of the most intense mutual masturbation that Tracen Academy has ever seen. By the time you're both done, you're sprawled out on the floor, panting, and absolutely DRENCHED in each other's fluids. Before the goon sesh began, Digi insisted that you took a special zinc shot that Tachyon made. And boy are you glad that she did. You've never blown such huge loads in your life, and with such force. Some spurts were even strong enough to shoot all the way onto Digi's face, which she diligently cleaned off with her tongue. And you knew she was a squirter, but you definitely weren't expecting to end up looking like you had bathed in your clothes.

Relatively exhausted, you both sit up and stare at each other intently for a few seconds.

"Same time next week?" You both say in unison.

Is Shakespeare really dead? Also LMAO at the Zimc shots.

Imagine you are Digitan's trainer, and everyday after training, you two meet the Lv4 wit traning room with the TV, putting on the UAV (it's not the killstreak from CoD) of retired racers and watch it together, today's UAV actress strangely looks like Tazuna for some reason. Instead of training for extra Wit, you two just do cross masturbation, you shlick her umussy while Digitan jork it for you. Umazing life at Tracen Academy.

Digi is definitely the uma who masturbates the most at Tracen Academy. When someone enters her room, they notice that the bed is always wet. Many will think she spilled water or that she took a bath, but in reality, she masturbates day, noon, and night, every single day

Digital loves having Tachyon as a roommate because her unwashed ass masks the smell of Digital's goon sessions.
